

Thank you for taking the time to participate in this Memtrix JLAGG Simulator Demo. In this Demo we are having the user go through an investigation, that we set up already, as a student. This will give an early view of how the Memtrix format operates.

- 1) First off, on another tab, go to Memtrix log in portal at <https://dev.memtrix.org/login>
- 2) The Student log in information as follows:
  - Organization: Demo
  - Email Address: [memtrixdemo.student@gmail.com](mailto:memtrixdemo.student@gmail.com)
  - Password: demo123

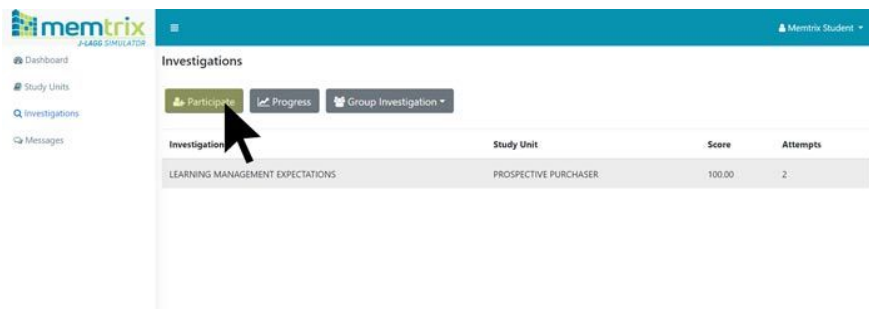

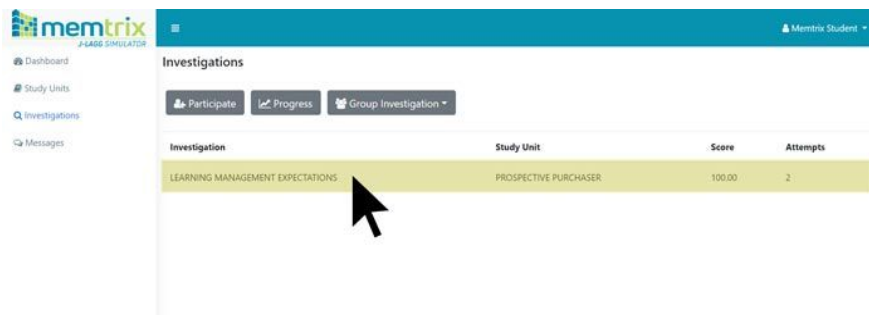

**The fields should look like this.**

A screenshot of the Memtrix J-LAGG Simulator login page. The page features the Memtrix logo at the top. Below the logo, the text "Please sign in" is displayed. There are three input fields: the first contains "Demo", the second contains "memtrixdemo.student@gmail.com", and the third contains "\*\*\*\*\*". Below the input fields, there is a "Remember me" checkbox and a "Forgot Password" link. A large blue "Sign in" button is positioned below the input fields. At the bottom of the page, the copyright notice "© 2017-2018" is visible.

3) Once logged in, you will be placed on the Student Dashboard. From there select Investigations on the left toolbar.

4) Now that you are under the Investigation Page, it's time to select which investigation you want to participate in. The investigation we are using for the demo is labeled "Learning Management Expectations". Mouse Click on the investigation, once it is highlighted, click on Participate Button right above the investigation list.

5) A confirm participation prompt will pop up. Select Confirm. Once this step is complete, you are well on your way to experience what Memtrix JLAGG simulator has to offer.
